

Peruflora

ORCHIDS FROM THE HEART OF SOUTH AMERICA

Flasks for sale

Acineta beyrodtiana (Rare & unusual species)

Temperature: Intermediate
Humidity: Medium
Light: Low
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 60 cms
Flower size: Long spike with 4.5 cms. flowers
Flowering season: -

Price:
US\$20.00

Anguloa clowesii

Temperature: Intermediate
Humidity: Medium
Light: Low
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 60 cms
Flower size: Several spikes with one 11cms. flower
Flowering season: -

Price:
US\$16.00

Anguloa eburnea

Temperature: Intermediate
Humidity: Medium
Light: Low
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 60 cms
Flower size: Several spikes with one 11cms. flower
Flowering season: -

Price:
US\$16.00

(BLC. Love Castle x Cattleya Candy Tuft) x BLC. Love Sound (Compact plant)

Temperature: Warm
Humidity: Medium
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 25 cms
Flower size: Clusters of 5 cms flowers
Flowering season: Free bloomer

Price:
US\$16.00

(BLC. Love Castle x Cattleya Candy Tuft) x BLC. Love Sound

BLC. Love Sound "Lemon Star" (Compact plant)

Temperature: Warm
Humidity: Medium
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 30 cms
Flower size: Clusters of 6 cms flowers
Flowering season: Free bloomer

Price:
US\$20.00

BLC. Ronald's Canyon 'Coco Head' x Cattleya maxima var. coerulea 'Hector'

Temperature: Warm
Humidity: Low
Light: Strong
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 40 cms
Flower size: Expected clusters of 12 cms flowers
Flowering season: -

Price:
US\$20.00

BLC. Ronald's Canyon 'Coco Head' x Cattleya maxima var. coerulea 'Hector'

BLC. Waianae Leopard x Cattleya guttata

Temperature: Warm
Humidity: Low
Light: Strong
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 40 cms
Flower size: Clusters of 7 cms flowers
Flowering season: -

Price:
US\$16.00

Catasetum gnomus 'Anaranjado' (Unusual rediscovered species)

Temperature: Warm
Humidity: Dry & Rainy Seasons
Light: Medium
Ventilation: High

Potted or Mounted: Potted
Plant size: Height of bulbs: 25 cms
Flower size: Spikes with 8 cms flower
Flowering season: -

Price:
US\$35.00

Cattleya intermedia var. Coerulea Aquinii

Temperature: Warm
Humidity: Low
Light: Strong
Ventilation: High

Potted or Mounted: Potted or mounted
Plant size: Height up to 30 cms
Flower size: Clusters of 6 cms flowers
Flowering season: -

Price:
US\$16.00

Cattleya maxima ('427' x '115') (Very selected clones used)

Temperature: Warm
Humidity: Medium
Light: Good to strong
Ventilation: High

Potted or Mounted: Potted or mounted
Plant size: Height up to 35 cms
Flower size: Clusters of 11 cms flowers
Flowering season: Beginning of Summer

Price:
US\$20.00

Catt. maxima semi alba ('Striata' x 'Becki') x Catt. maxima coerulea 'Hector'

Temperature: Warm
Humidity: Medium
Light: Good to strong
Ventilation: High

Potted or Mounted: Potted or mounted
Plant size: Height up to 35 cms
Flower size: Clusters of 11 cms flowers
Flowering season: Beginning of Summer

Price:
US\$30.00

Cattleya mooreana

Temperature: Warm - Intermediate
Humidity: Medium
Light: Good
Ventilation: High

Potted or Mounted: Potted or mounted
Plant size: Height: 35 cms
Flower size: Clusters of 5 cms flowers
Flowering season: -

Price:
US\$25.00

Cochlioda densiflora x Odontioda Petit Port 'Woolsey' HCC/AOS

Temperature: Intermediate
Humidity: Medium to High
Light: Medium
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 30 cms
Flower size: Upright spikes with 4 cms flowers
Flowering season: -

Price:
US\$16.00

Cochlioda densiflora x Oncidium Espiritu Santo

Temperature: Intermediate
Humidity: Medium to High
Light: Medium
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 30 cms
Flower size: Spikes with 3 cms flowers
Flowering season: -

Price:
US\$16.00

Comporettia falcata (Almost blooming size seedlings)

Temperature: Intermediate	Potted or Mounted: Mounted
Humidity: High, environmental	Plant size: Height: 11 cms
Light: Medium	Flower size: Spikes with 2.5 cms flowers
Ventilation: High	Flowering season: -

Price: US\$25.00

Comporettia speciosa (Almost blooming size seedlings)

Temperature: Intermediate	Potted or Mounted: Mounted
Humidity: High, environmental	Plant size: Height: up to 15 cms
Light: Medium	Flower size: Spikes with 3 cms flowers
Ventilation: High	Flowering season: -

Price: US\$25.00

Cycnoches christensonii (Very rare species, rediscovered)

Temperature: Warm	Potted or Mounted: Potted
Humidity: Dry & Rainy Seasons	Plant size: Height up to 28 cms
Light: Medium	Flower size: Spikes with 3 cms flowers
Ventilation: High	Flowering season: -

Price: US\$30.00

Cyrtochilum gargantua

Temperature: Intermediate - Cold	Potted or Mounted: Mounted
Humidity: High	Plant size: Height up to 50 cms
Light: Medium to Low	Flower size: Long Spikes with 5 cms flowers
Ventilation: High	Flowering season: -

Price: US\$20.00

Cyrtochilum leopoldianum (Very rare species)

Temperature: Intermediate - Cold	Potted or Mounted: Mounted
Humidity: High	Plant size: Height up to 50 cms
Light: Medium to Low	Flower size: Long Spikes with 6 cms flowers
Ventilation: High	Flowering season: -

Price: US\$25.00

Cyrtochilum pardinum

Temperature: Intermediate - Cold	Potted or Mounted: Potted or mounted
Humidity: High	Plant size: Height up to 50 cms
Light: Medium to Low	Flower size: Long Spikes with 5 cms flowers
Ventilation: High	Flowering season: -

Price: US\$25.00

Cyrtochilum villenaorum x Odontoglossum alboroseum

Temperature: Intermediate	Potted or Mounted: Potted or mounted
Humidity: Medium	Plant size: Height up to 45 cms
Light: Medium	Flower size: Expected spikes with 5 cms flowers
Ventilation: High	Flowering season: -

Price: US\$20.00

Cyrtochilum villenaorum x Odontoglossum alboroseum

Encyclia vespa

Temperature: Warm - Intermediate	Potted or Mounted: Potted
Humidity: Medium	Plant size: Height up to 40 cms
Light: Good	Flower size: Clusters of 2 cms flowers
Ventilation: High	Flowering season: -

Price: US\$16.00

Epidendrum kockii (Very rare & spectacular species)

Temperature: Intermediate
Humidity: Medium
Light: Medium to Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 10 cms
Flower size: Spikes of 6 cms flowers
Flowering season: -

Epidendrum melanoporphyreum x Epidendrum kockii

Temperature: Warm to Intermediate
Humidity: Medium
Light: Medium to Good
Ventilation: High

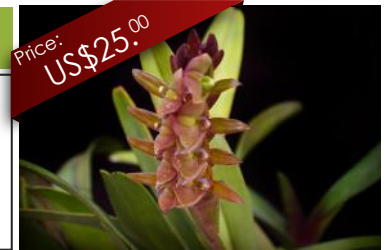

Potted or Mounted: Potted
Plant size: Height up to 40 cms
Flower size: Expected 4 cms flowers, black color
Flowering season: -

Epidendrum sp 1530 (Rare & showy species)

Temperature: Intermediate
Humidity: Medium
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 18 cms
Flower size: Crowded spikes of 3 cms
Flowering season: -

Galeandra juncea

Temperature: Warm
Humidity: Dry & Rainy Seasons
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 25 cms
Flower size: 3 cms flowers at top of the spike
Flowering season: -

Ida locusta (Fragrance to apple)

Temperature: Intermediate
Humidity: Medium
Light: Medium
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 55 cms
Flower size: 7 cms Flowers
Flowering season: -

Laeliopsis domingensis x Schomburgkia thompsoniana

Temperature: Warm
Humidity: Medium
Light: Medium
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 45 cms
Flower size: Expected 4 to 5 cms flowers
Flowering season: -

Masdevallia decumana

Temperature: Intermediate to cold
Humidity: Medium to High
Light: Low
Ventilation: High

Potted or Mounted: Potted or mounted
Plant size: Height up to 7 cms
Flower size: 10 cms horizontal
Flowering season: -

Masdevallia rodolfoi

Temperature: Intermediate
Humidity: Medium
Light: Low
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 7 cms
Flower size: 4 cms across
Flowering season: -

Maxillaria platypetala

Temperature: Intermediate
Humidity: Medium
Light: Low
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 40 cms
Flower size: 10 cms across
Flowering season: -

Price:
US\$20.00

Maxillaria sanderiana (One of the nicest Maxillaria species)

Temperature: Intermediate
Humidity: Medium
Light: Medium
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 45 cms
Flower size: 11 cms across
Flowering season: -

Price:
US\$20.00

Odontioda Petit Port 'Woolsey' x Wilsonara Dianne Feinstein 'Red Ruby'

Temperature: Intermediate
Humidity: Medium
Light: Medium
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 35 cms
Flower size: Spikes with 6 cms flowers
Flowering season: -

Price:
US\$16.00

Odontoglossum cirrhosum (Very rare species)

Temperature: Intermediate
Humidity: Medium
Light: Medium
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 25 cms
Flower size: Spikes of 8 cms tall flowers
Flowering season: -

Price:
US\$20.00

Odontoglossum wyattianum ('366' x '325')

Temperature: Intermediate to cool
Humidity: High
Light: Medium
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 40 cms
Flower size: Spike with 8 cms tall flowers
Flowering season: -

Price:
US\$30.00

Oncidium gardneri var. Jaguar x Oncidium tigrinum

Temperature: Warm to Intermediate
Humidity: Low
Light: Good
Ventilation: High

Potted or Mounted: Potted or mounted
Plant size: Height up to 25 cms
Flower size: Expected 5 cms flowers
Flowering season: -

Price:
US\$25.00

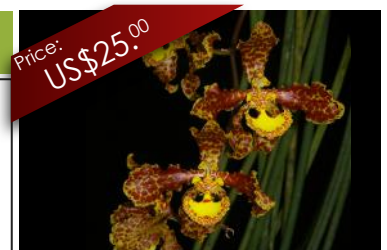

Oncidium stacyi (Recently discovered in Peru, very showy)

Temperature: Warm
Humidity: High
Light: Low
Ventilation: High

Potted or Mounted: Mounted upside down
Plant size: Height up to 160 cms
Flower size: Long spikes with flowers 8 cms across
Flowering season: -

Price:
US\$25.00

Peristeria sp 2515 (Totally unusual, yellow & white flowers)

Temperature: Warm
Humidity: High
Light: Low
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 50 cms
Flower size: Clusters of 4.5 cms flowers
Flowering season: -

Price:
US\$35.00

Pescatoria lehmannii

Temperature: Warm to Intermediate
Humidity: High
Light: Low
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 40 cms
Flower size: 7 cms
Flowering season: -

Phragmipedium (kovachii x dalessandroi) x Phrag. (kovachii x besseae flavum)

Temperature: Intermediate
Humidity: High
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 25 cms
Flower size: 10 to 12 cms accross
Flowering season: -

Phragmipedium ((kovachii x Eric Young) x kovachii)

Temperature: Intermediate
Humidity: High
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 35 cms
Flower size: 12 to 14 cms accross
Flowering season: -

Phragmipedium (kovachii x (kovachii x schlimii) 'Flor grande')

Temperature: Intermediate
Humidity: High
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 25 cms
Flower size: Spikes of rounded 10 cms flowers
Flowering season: -

Phragmipedium (kovachii x (kovachii x schlimii) 'Hercules')

Temperature: Intermediate
Humidity: High
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 25 cms
Flower size: Spikes of rounded 12 cms flowers
Flowering season: -

Phragmipedium (kovachii x (kovachii x schlimii))

Temperature: Intermediate
Humidity: High
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 25 cms
Flower size: 10 cms accross
Flowering season: -

Phragmipedium (kovachii x besseae var. flavum)

Temperature: Intermediate
Humidity: High
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 25 cms
Flower size: Spikes of rounded 12 cms flowers
Flowering season: -

Phragmipedium ((kovachii x besseae) x kovachii)

Temperature: Intermediate
Humidity: High
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 35 cms
Flower size: 12 to 14 cms accross
Flowering season: -

Phragmipedium (kovachii x dalessandroi)

Temperature: Intermediate	Potted or Mounted: Potted
Humidity: High	Plant size: Height up to 20 cms
Light: Good	Flower size: 10 to 12 cms accross
Ventilation: High	Flowering season: -

Sold out

Phragmipedium (Les Dirouilles x kovachii)

Temperature: Intermediate	Potted or Mounted: Potted
Humidity: High	Plant size: Height up to 35 cms
Light: Good	Flower size: Expected 12 cms tall flowers
Ventilation: High	Flowering season: -

Price: US\$40.00

Phragmipedium (Les Dirouilles x kovachii)

Phragmipedium (Sorcerer's Apprentice) x kovachii

Temperature: Intermediate	Potted or Mounted: Potted
Humidity: High	Plant size: Height up to 30 cms
Light: Good	Flower size: 12 cms tall flowers on tall spike
Ventilation: High	Flowering season: -

Price: US\$35.00

Phragmipedium (kovachii x Sorcerer's Apprentice)

Phragmipedium besseae (Form from Ecuador)

Temperature: Intermediate - Cool	Potted or Mounted: Potted
Humidity: High	Plant size: Height up to 15 cms
Light: Good	Flower size: 5 cms accross
Ventilation: High	Flowering season: -

Price: US\$30.00

Phragmipedium (Elizabeth Castle x (kovachii x dalessandroi))

Temperature: Intermediate	Potted or Mounted: Potted
Humidity: High	Plant size: Height up to 15 cms
Light: Good	Flower size: 10 cms accross
Ventilation: High	Flowering season: -

Sold out

Phragmipedium (Elizabeth Castle x (kovachii x dalessandroi))

Phragmipedium Les Dirouilles

Temperature: Intermediate to Warm	Potted or Mounted: Potted
Humidity: High	Plant size: Height up to 35 cms
Light: Good	Flower size: 8 cms tall
Ventilation: High	Flowering season: -

Price: US\$25.00

Phragmipedium schlimii

Temperature: Intermediate	Potted or Mounted: Potted
Humidity: High	Plant size: Height up to 15 cms
Light: Good	Flower size: 5 cms accross
Ventilation: High	Flowering season: -

Price: US\$30.00

Phragmipedium schlimii '7011'

Temperature: Intermediate	Potted or Mounted: Potted
Humidity: High	Plant size: Height up to 15 cms
Light: Good	Flower size: 6 cms accross
Ventilation: High	Flowering season: -

Price: US\$40.00

Psychorches pusilla (Blooming size inside the flasks)

Temperature: Warm
Humidity: Medium to low
Light: Medium
Ventilation: Medium

Potted or Mounted: Mounted
Plant size: Height up to 6 cms
Flower size: 2 cms flowers
Flowering season: -

Price:
US\$16.00

Rhyncattleanthe Petit Petit 'Lucky' (Compact plant)

Temperature: Warm
Humidity: Medium
Light: Strong
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 18 cms
Flower size: 7 cms accross
Flowering season: -

Price:
US\$20.00

Sobralia setigera (Unusual and rare species)

Temperature: Warm to intermediate
Humidity: Medium to low
Light: Medium
Ventilation: Medium

Potted or Mounted: Mounted
Plant size: Height up to 6 cms
Flower size: 2 cms flowers
Flowering season: -

Price:
US\$25.00

Sobralia yauaperyensis (Unusual and rare species)

Temperature: Warm to Intermediate
Humidity: High
Light: Good to strong
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 120 cms
Flower size: 11 cms accross
Flowering season: -

Price:
US\$25.00

Sophronitis coccinea

Temperature: Warm to intermediate
Humidity: Medium
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 10 cms
Flower size: 5 cms accross
Flowering season: -

Price:
US\$20.00

Stanhopea embreei

Temperature: Warm to Intermediate
Humidity: High
Light: Good to strong
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 120 cms
Flower size: 11 cms accross
Flowering season: -

Price:
US\$20.00

Stanhopea hernandezii (One of the nicest Stanhopea species)

Temperature: Intermediate
Humidity: High
Light: Low
Ventilation: High

Potted or Mounted: Potted in basket
Plant size: Height up to 30 cms
Flower size: 9 to 11 cms
Flowering season: -

Price:
US\$25.00

Stanhopea impressa

Temperature: Warm to intermediate
Humidity: High
Light: Low
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 30 cms
Flower size: 10 cms accross
Flowering season: -

Price:
US\$20.00

Stanhopea martiana (Very fragrant, one of the nicest Stanhopea species)

Temperature: Warm to intermediate
Humidity: Medium
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 10 cms
Flower size: Up to 5 cms across
Flowering season: -

Stanhopea nigroviolacea (Spectacular in size and color)

Temperature: Intermediate
Humidity: High
Light: Low
Ventilation: High

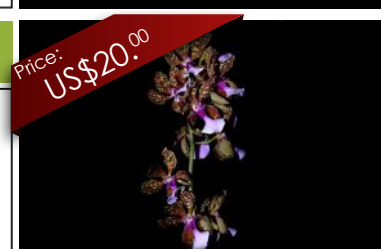

Potted or Mounted: Potted in basket
Plant size: Height up to 30 cms
Flower size: 12 to 14 cms
Flowering season: -

Trichocentrum lanceanum

Temperature: Warm to intermediate
Humidity: High
Light: Low
Ventilation: High

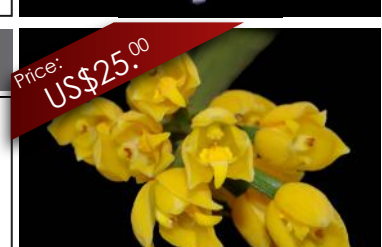

Potted or Mounted: Potted
Plant size: Height up to 30 cms
Flower size: 5 cms across, upright spike
Flowering season: -

Vasquezziella boliviana (Rare species, related to Lueddemannia)

Temperature: Intermediate
Humidity: High
Light: Low
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 30 cms
Flower size: Spikes with 3 cms flowers
Flowering season: -

Phragmipedium ((kovachii x dalessandroi) x kovachii)

Temperature: Intermediate
Humidity: High
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 20 cms
Flower size: 10 to 12 cms across
Flowering season: -

Phragmipedium (Elizabeth Castle x Memoria Dick Clements)

Temperature: Intermediate
Humidity: High
Light: Good
Ventilation: High

Potted or Mounted: Potted
Plant size: Height up to 15 cms
Flower size: 10 cms across
Flowering season: -
